

Self-Directed Health Care: It's Your Choice.

You Remain in the Comfort of Your Home.

Many people find they have a happier and healthier lifestyle when surrounded by an environment that makes them feel most at ease.

You Choose Your Own Personal Care Assistants (PCAs).

You have the option of recruiting friends, family members, or someone you know and trust in your neighborhood.

You Schedule, Train, and Manage Your Personal Care Assistants to Meet Your Needs.

Self-directed care is designed to give you more control of your in-home care.
