

The Consumer Directed Program Needs SUPPORT BROKERS!!

Support brokers work directly for adults or families with children that have developmental disabilities by:

- Helping them maximize their independence and get them involved in their community
- Helping them develop, write, manage, and budget their developmental disability services
- Supporting their ability to make responsible choices
- Identifying the goals they want to achieve
- Being responsive to their needs and wants

These independent positions are:

- Flexible
- Paid
- Part-time to full-time

For more information about the Self-Direction and Family-Directed programs, or to get the job description and requirements to become a Support Broker, go to www.SelfDirection.Idaho.gov.

Note: This job announcement is **not** a government or Idaho Department of Health and Welfare job posting.
