**-Home Care-**  
*Your  
Way!*

**Independence and  
Control Through  
Self-Directed Services**

## You're in Charge with Consumer Direct!

Self-Directed care is available to eligible individuals who need some care or assistance at home.

A Self-Directed program puts you in charge, allowing you to arrange and direct your own services and supports. You select and manage your caregiver with Consumer Direct Personal Care support for paperwork, payroll and record keeping.

Eligible individuals may be capable of directing their own services or can arrange for a personal care representative to act on their behalf.

## Experience Your Care... Your Way!

We have helped hundreds of people establish their own successful Self-Directed program and improve the quality of their home care... and the quality of their lives.

We are passionate about helping you succeed with Self-Directed care and will provide the highest levels of customer service and support available.

*We are here to support you!* We will assist you with an emergency and caregiver backup plan, manage the business-related services, program requirements, billing and payroll services.
